Poor service delivery

We are without electricity from the 12.07.2023 in Klipfontein view in Lethabong Tembisa and City Power doesn't do anything to assist us. When you call the customer services you are put on hold for 30 minutes and told that they are offline and will log a call for you. Not getting any updates on when the electricity will be restored. Poor service indeed.

Desired outcome: Restore electricity.Schools has reopened and is cold for the kids.

Is City Power legit?
City Power earns 66% level of Trustworthiness

SAFETY NOTICE: Complaints Board has determined that City Power has a very good credibility, and is mostly trustworthy with minor reservations, with a legitimacy rating that is more or less around 66%.

We found clear and detailed contact information for City Power. The company provides a physical address, 4 phone numbers, and 2 emails, as well as 3 social media accounts. This demonstrates a commitment to customer service and transparency, which is a positive sign for building trust with customers.

However ComplaintsBoard has detected that:

- City Power's website has revealed that it is not properly optimized for search engines. This could be a red flag indicating that the company is attempting to hide its activities from the public.
- City Power protects their ownership data, a common and legal practice. However, from our perspective, this lack of transparency can impede trust and accountability, which are essential for establishing a credible and respected business entity.

Our Conclusive Verdict: City Power is generally a safe and reliable company to do business with. However, we advise that you exercise caution and thoroughly read all complaints and reviews before providing personal or financial details.

Power outage

Good Morning, Trust that this mail finds you well. I am annoyed to a point where this problem really needs to be addressed. We are citizens of Ennerdale Ext 9 (WARD 121), we all have obeyed the rules of the government by adhering to the rules and regulations of load shedding which is affecting us all. On the 12th May 2023 the lights was scheduled to go...

28th November 2022

Attention : Customer Care

I trust you are well.

Compliment : THABILE

Please can you forward my e-mail to the Customer Care Department. I tried to call Head Office to get an e-mail address and there is no answer

I called the City Power Call Centre on the 26th November 2022 and was assisted by Thabile.

I called to report that Impilo Child Protection and Adoption Services had no power since Friday night and asked if Thabilo could mark it urgent for me as being an orphanage, it is vital that they have power.

Thabilo went over and beyond to help me.

I would like to compliment Thabile for his outstanding service!

Thabile has excellent people skills, is very helpful, friendly and an excellent ambassador to City Power

Please can you give Thabile the recognition that he so deserves.

Thanks and kind regards,

City Power and the provision of electricity at my property

I need to file a complaint regarding the provision of electricity at my property by city power - Hursthill sub-station. Every week or every two weeks I always have to log a call with city power regarding matters of not having any electricity being supplied at my house. The situation is exacerbated by the fact that It is almost always just my property and a few others along my street that are always experiencing issues with the power and this is a very frustrating and I wish that the issue could get attention and be permanently resolved

55 Collins Street, Brixton, Johannesburg, 2092

Desired outcome: I would like City power to fix the issues with the supply of electricity to my property and for them to not require me to come to their power station every single week complaining about the provision of electricity to my property.

Discrepancy in prepaid units

Meter [protected]

When we bought prepaid electricity in February through VENDOR X we got 551.6 units for R1 000.

On 12 March we bought electricity from Capitec for R1 000 and got 383.0 units. A difference of 168.6 units.

PLEASE ADVISE WHY THERE IS SUCH A BIG DIFFERENCE!

Desired outcome: please let us have the additional 168.6 units

Pathetic service - call center agent, Nokuthula and Dineo

I called City Power on Sunday logging a call that there is no power to the apartment, for a technician to come through as there is no power from the DB BOX/GREEN BOX outside. My Ref number is closed but the issue is not resolved

I went to the walk in center in booysens on the 7th Dec, The call was logged for my meter being blocked and the technician came the same day to verify if everything was in place which he did come and advised me that they will unblock but it is still blocked. when I called in on the 8th a guy told me that my call was closed and the status was complete, but my meter is not unblocked.
I email more proof that I wasn't staying at my place that's why I haven't been buying my prepaid but

still no one is responding from the device centre even this guy assisting me by escalation still no one is responding to his query

I don't know what to do I'm really frustrated as I'm unable to buy electricity

Desired outcome: Unblock my meter so I can buy electricity

Power cuts

Good day,

We constantly have power cuts in our area (Malvern Johannesburg) every 3rd day it tripps. It takes the technicians 48 hours if not more to resolve the problem...a month ago we were without power for 5 days! When we log a call we are told that it will take 2 to 6 hours, but it actually takes 12 hours for the call to be allocated, and it can remain so for the next few days . We have tried on numerous occasions to contact the area manager to no avail! This has been the most frustrating time for us paying customers! The fact that it happens so often proves that there is a major problem! Why is nobody communicating with us? Why is the area manager avoiding us? When will this end?

Desired outcome: Fix the problem permanently

Power issues 29/05/2021 lindhaven blow up my refrigerator samsung

Good day,

To who it may concern,
On the 29/05/2021, Saturday morning 04h30 am when I woke there was not electricity. Then I prepared myself to go to work, @07h52am on the area WhatsApp group we were informed that there was a problem with a substation in Reefhaven.
Then I called my neighbor round about 14h00pm to check if power is back, I am a paramedic so work 12hrs shifts there was no one at my house on my arrival @20h30pm, the fridge its not working showing a line dark inside.

My consent here is we didn't have load shedding schedule for our area, under normal circumstances I remove plug and switch everything off.

Currently am sitting with no fridge I just did my groceries on Friday everything is going to be off, Lamb chops from Wollies my favorite.

Please consider that am a very loyal citizen, making sure that I do things according to the book.

I tried to call Sumsung on call no luck operating Monday to Friday.
My question to my fellow supplier City power who is going yo carry costs for the below?
1. Fridge repair or replacement
2. My meat in the fridge that will go off in no time?

lastly please consider the pandemic we are facing I cant afford to buy another fridge for something I didn't budget for, am not pointing fingers here am trying to state facts, City power please take accountability and responsibility of this matter

Your response will be highly appreciate

Regards
Mr Andile Ndzitshe

Motor Vehicle Accident

On the 18 March 2021 my vehicle was in an accident with a City Power Quantam. I have been in contact with the superiors of City Power who advised that they dont have an insurance to repair my vehicle. They referred me to a Third Party and after submitting all necessary documents they now refused to sort my vehicle but wants me to wait for COJ (Not sure whats that)

The third Party all advised that I shoul go the Legal way and to the Media with regards to the negligence of City Power.

I really dont want to do that but would just like my vehicle sorted ASAP as it is already 1 1/2 months now.

Kindly forward to the relevant department. I am really not getting any joy from the relevant parties that are involved in this matter.

I would appreciate it if this matter is resolved at the earliest.

You can email me [protected]@panachebrand.co.za
or call me on [protected]

I appreciate it if this could be addressed as a matter of urgency.

Thank You
Shane

Desired outcome: URGENT

Incorrectly billed for high demand

Date: July 2020
Account nr [protected]

We have a unoccupied warehouse that uses maybe 22.480kVArh per month, and was always billed accordingly with high demand of 170.000kVA. Since July 2020 we have been billed a high demand of 1, 000.000kVA. I logged a query on the 02/09/2020 (Ref [protected]) with the municipality and no one contacted me. So on the 15/09/2020 I sent a email to David McMahon and he forwarded my email to Jackson Mphakathi and Xolelwa Feleza. Still nothing was done. Then the City of Johannesburg had a open day which I booked the appointment to let them look at my query (ref RC116) on that day a Kholeka and Vusi helped me, they promised me they will look into it. On the 19/11/2020 I received a email that this case has been closed. But nothing has been done to this account.

Desired outcome: I need them to sort out this account

electricity

electricity often switches off unexpectedly at Tshepisong. after many attempts we have tried to contact the manager and the call centre but no one answers. city power is depriving us of the electricity which we are paying for.
city power does not inform us on what is happening and this is total incompetence.

can we request city power to be uninstalled in our area so that we can have Eskom?
we cant deal with this.
this happens on a daily basis, its horrible.

unexplained electricity outages

The community of Tshepisong is experiencing electricity outages, the community has been striking and whenever we contact the manager David at City Power Office in Roodepoort, Florida he seems not interested at all.
This problem has been there for 3 years and no one is saying anything about it.

City power have proved to be very unreliable and unfair.

they do not care about people and the services which they provide. whenever we report the issue, no one does anything about it.

Refund of money

On 4 January 2016, I mistakenly try to buy electricity from City Power for R600.00 by EFT? . When I realized my mistake I contacted one of their local branches who gave me the name and number of the Ophirton branch who deals with electricity.
I was passed on to a lady called Juliana, who I furnished all my information to, including date of transaction, banking details, including receipt from my bank confirming the transaction. juliana told me 'treasury' had given permission for the refund, and when I tried to enquiry from her when payment was to be made, I was told that she had been transferred to another department and was no longer dealing with this query, she did not answer my e mails or phone calls.
I managed to get in touch with Nelson the manager, who requested all the information again, with which I complied. Now when I ring him, a message comes back that I must state text him, the latest today 17 June, no reply

Poor service delivery

We are without electricity from the 12.07.2023 in Klipfontein view in Lethabong Tembisa and City Power doesn't do anything to assist us. When you call the customer services you are put on hold for 30 minutes and told that they are offline and will log a call for you. Not getting any updates on when the electricity will be restored. Poor service indeed.

Desired outcome: Restore electricity.Schools has reopened and is cold for the kids.

Is City Power legit?
City Power earns 66% level of Trustworthiness

SAFETY NOTICE: Complaints Board has determined that City Power has a very good credibility, and is mostly trustworthy with minor reservations, with a legitimacy rating that is more or less around 66%.

We found clear and detailed contact information for City Power. The company provides a physical address, 4 phone numbers, and 2 emails, as well as 3 social media accounts. This demonstrates a commitment to customer service and transparency, which is a positive sign for building trust with customers.

However ComplaintsBoard has detected that:

- City Power's website has revealed that it is not properly optimized for search engines. This could be a red flag indicating that the company is attempting to hide its activities from the public.
- City Power protects their ownership data, a common and legal practice. However, from our perspective, this lack of transparency can impede trust and accountability, which are essential for establishing a credible and respected business entity.

Our Conclusive Verdict: City Power is generally a safe and reliable company to do business with. However, we advise that you exercise caution and thoroughly read all complaints and reviews before providing personal or financial details.

28th November 2022

Attention : Customer Care

I trust you are well.

Compliment : THABILE

Please can you forward my e-mail to the Customer Care Department. I tried to call Head Office to get an e-mail address and there is no answer

I called the City Power Call Centre on the 26th November 2022 and was assisted by Thabile.

I called to report that Impilo Child Protection and Adoption Services had no power since Friday night and asked if Thabilo could mark it urgent for me as being an orphanage, it is vital that they have power.

Thabilo went over and beyond to help me.

I would like to compliment Thabile for his outstanding service!

Thabile has excellent people skills, is very helpful, friendly and an excellent ambassador to City Power

Please can you give Thabile the recognition that he so deserves.

Thanks and kind regards,

City Power and the provision of electricity at my property

I need to file a complaint regarding the provision of electricity at my property by city power - Hursthill sub-station. Every week or every two weeks I always have to log a call with city power regarding matters of not having any electricity being supplied at my house. The situation is exacerbated by the fact that It is almost always just my property and a few others along my street that are always experiencing issues with the power and this is a very frustrating and I wish that the issue could get attention and be permanently resolved

55 Collins Street, Brixton, Johannesburg, 2092

Desired outcome: I would like City power to fix the issues with the supply of electricity to my property and for them to not require me to come to their power station every single week complaining about the provision of electricity to my property.

Discrepancy in prepaid units

Meter [protected]

When we bought prepaid electricity in February through VENDOR X we got 551.6 units for R1 000.

On 12 March we bought electricity from Capitec for R1 000 and got 383.0 units. A difference of 168.6 units.

PLEASE ADVISE WHY THERE IS SUCH A BIG DIFFERENCE!

Desired outcome: please let us have the additional 168.6 units

My Ref number is closed but the issue is not resolved

I went to the walk in center in booysens on the 7th Dec, The call was logged for my meter being blocked and the technician came the same day to verify if everything was in place which he did come and advised me that they will unblock but it is still blocked. when I called in on the 8th a guy told me that my call was closed and the status was complete, but my meter is not unblocked.
I email more proof that I wasn't staying at my place that's why I haven't been buying my prepaid but still no one is responding from the device centre even this guy assisting me by escalation still no one is responding to his query

I don't know what to do I'm really frustrated as I'm unable to buy electricity

Desired outcome: Unblock my meter so I can buy electricity

Power cuts

Good day,

We constantly have power cuts in our area (Malvern Johannesburg) every 3rd day it tripps. It takes the technicians 48 hours if not more to resolve the problem…a month ago we were without power for 5 days! When we log a call we are told that it will take 2 to 6 hours, but it actually takes 12 hours for the call to be allocated, and it can remain so for the next few days . We have tried on numerous occasions to contact the area manager to no avail! This has been the most frustrating time for us paying customers! The fact that it happens so often proves that there is a major problem! Why is nobody communicating with us? Why is the area manager avoiding us? When will this end?

Desired outcome: Fix the problem permanently

Power issues 29/05/2021 lindhaven blow up my refrigerator samsung

Good day,

To who it may concern,
On the 29/05/2021, Saturday morning 04h30 am when I woke there was not electricity. Then I prepared myself to go to work, @07h52am on the area WhatsApp group we were informed that there was a problem with a substation in Reefhaven.
Then I called my neighbor round about 14h00pm to check if power is back, I am a paramedic so work 12hrs shifts there was no one at my house on my arrival @20h30pm, the fridge its not working showing a line dark inside.

My consent here is we didn't have load shedding schedule for our area, under normal circumstances I remove plug and switch everything off.

Currently am sitting with no fridge I just did my groceries on Friday everything is going to be off, Lamb chops from Wollies my favorite.

Please consider that am a very loyal citizen, making sure that I do things according to the book.

I tried to call Sumsung on call no luck operating Monday to Friday.
My question to my fellow supplier City power who is going yo carry costs for the below?
1. Fridge repair or replacement
2. My meat in the fridge that will go off in no time?

lastly please consider the pandemic we are facing I cant afford to buy another fridge for something I didn't budget for, am not pointing fingers here am trying to state facts, City power please take accountability and responsibility of this matter

Your response will be highly appreciate

Regards
Mr Andile Ndzitshe

Motor Vehicle Accident

On the 18 March 2021 my vehicle was in an accident with a City Power Quantam. I have been in contact with the superiors of City Power who advised that they dont have an insurance to repair my vehicle. They referred me to a Third Party and after submitting all necessary documents they now refused to sort my vehicle but wants me to wait for COJ (Not sure whats that)

The third Party all advised that I shoul go the Legal way and to the Media with regards to the negligence of City Power.

I really dont want to do that but would just like my vehicle sorted ASAP as it is already 1 1/2 months now.

Kindly forward to the relevant department. I am really not getting any joy from the relevant parties that are involved in this matter.

I would appreciate it if this matter is resolved at the earliest.

You can email me [protected]@panachebrand.co.za
or call me on [protected]

I appreciate it if this could be addressed as a matter of urgency.

Thank You
Shane

Desired outcome: URGENT

Incorrectly billed for high demand

Date: July 2020
Account nr [protected]

We have a unoccupied warehouse that uses maybe 22.480kVArh per month, and was always billed accordingly with high demand of 170.000kVA. Since July 2020 we have been billed a high demand of 1, 000.000kVA. I logged a query on the 02/09/2020 (Ref [protected]) with the municipality and no one contacted me. So on the 15/09/2020 I sent a email to David McMahon and he forwarded my email to Jackson Mphakathi and Xolelwa Feleza. Still nothing was done. Then the City of Johannesburg had a open day which I booked the appointment to let them look at my query (ref RC116) on that day a Kholeka and Vusi helped me, they promised me they will look into it. On the 19/11/2020 I received a email that this case has been closed. But nothing has been done to this account.

Desired outcome: I need them to sort out this account

Meter number do not match

2019/03/26
Municipality account nr [protected]
stand nr [protected] Roodepoort 237-1Q
Ref [protected]

Meter was reported to the municipality on the above date, with photos showing the meter number on the premises and the meter number on the account differs. Numerous people from city power visited the premises, but nothing get done. I have send emails, only to get someone visiting the premise to tell me the meter is working. I didn't query the working meter, I queried the number?

electricity

electricity often switches off unexpectedly at Tshepisong. after many attempts we have tried to contact the manager and the call centre but no one answers. city power is depriving us of the electricity which we are paying for.
city power does not inform us on what is happening and this is total incompetence.

can we request city power to be uninstalled in our area so that we can have Eskom?
we cant deal with this.
this happens on a daily basis, its horrible.

unexplained electricity outages

The community of Tshepisong is experiencing electricity outages, the community has been striking and whenever we contact the manager David at City Power Office in Roodepoort, Florida he seems not interested at all.
This problem has been there for 3 years and no one is saying anything about it.

City power have proved to be very unreliable and unfair.

they do not care about people and the services which they provide. whenever we report the issue, no one does anything about it.

Refund of money

On 4 January 2016, I mistakenly try to buy electricity from City Power for R600.00 by EFT? . When I realized my mistake I contacted one of their local branches who gave me the name and number of the Ophirton branch who deals with electricity.
I was passed on to a lady called Juliana, who I furnished all my information to, including date of transaction, banking details, including receipt from my bank confirming the transaction. juliana told me 'treasury' had given permission for the refund, and when I tried to enquiry from her when payment was to be made, I was told that she had been transferred to another department and was no longer dealing with this query, she did not answer my e mails or phone calls.
I managed to get in touch with Nelson the manager, who requested all the information again, with

which I complied. Now when I ring him, a message comes back that I must state text him, the latest today 17 June, no reply
